REPORT EDEN WIMPY DOUBLES CAPACITY BUILDING PROJECT 4 FEBRUARY 2025

The EDEN WIMPY DOUBLES PROJECT is one of the annual capacity building components of EDEN Biathlon. It is organised by the Development Component of EDEN Biathlon in cooperation with DCAS and WIMPY [local sponsor]. The main objective is to develop the sport code and is aimed at the younger and older athletes and to develop the younger athletes also as timekeepers.

The mechanics of the project is as follows: an established biathlete must bring a partner who has never partake in biathlon to do one of the components of biathlon [running or swimming]. There is no restriction on gender, age, race.....we in many cases get the situation that the athlete pair up with one of his/her parents or even grandparents! Each one compete in his/her age group and points are allocated on a point scale – the team with the most points is declared the winner! In many cases the new participant get hooked and we have won many such athletes for the sport!

While their companions compete the team member are taught the basics of timekeeping and introduced into it.
